### Mortgage Servicing Supervisory Flexibility Ending

The CFPB, OCC, Board of Governors, OCC, FDIC, NCUA and state financial regulators on Wednesday, November 10, 2021, issued an updated "[Joint Statement on Supervisory and Enforcement Practices Regarding the Mortgage Servicing Rules in Response to the Continuing COVID-19 Pandemic and CARES Act.](#)"

The temporary supervisory and enforcement flexibility announced in the original (April 2020) joint statement no longer applies, and the agencies will apply their respective supervisory and enforcement authorities, when appropriate, to address any noncompliance or violations of the Regulation X mortgage servicing rules that occur after the date of this statement. These rules include "Protections for Borrowers Affected by the COVID-19 Emergency Under the Real Estate Settlement Procedures Act (RESPA)," Regulation X ([86 Fed. Reg. 34848](#)), which became effective on August 31, 2021.

The new joint statement closes with this paragraph—

"The agencies recognize the ongoing challenges faced by mortgage servicers and their efforts to assist customers and members affected by the ongoing COVID-19 pandemic. The agencies continue to encourage mortgage servicers to engage in these efforts. The agencies will consider, when appropriate, the specific impact of servicers' challenges that arise due to the COVID-19 pandemic and take those issues in account when considering any supervisory and enforcement actions. As part of their considerations, the agencies will factor in the time it takes to make operational adjustments in connection with this joint statement."
